Samica,

I have reviewed and revised my claims once again and thought that I should send them to you in the hope that our next phone conference will be more productive. They are as follows.

Claims:

Please cancel all of the claims of record and substitute new claims 29 through 43 as follows:

16 - 28 (cancelled)

29. (new) A method for constructing a contract, comprising the steps of:
- specifying an option by describing the underlying asset, the strike price, the expiration date, the ability to exercise the option, and any other characteristic of said option;
 - specifying a methodology that uses an option pricing model that will be used to value said option; and
 - incorporating said option and said methodology in said contract.
30. (new) The method of claim 29 where said underlying asset is a type of physical property.
31. (new) The method of claim 29 where said underlying asset is a type of debt obligation.
32. (new) The method of claim 29 where said underlying asset is a type of equity security.
33. (new) The method of claim 29 where said underlying asset is a type of derivative contract or index.
34. (new) A method for constructing a contract that is used to compensate a company's managers and other employees, comprising the steps of:
- specifying an option by describing the underlying asset, the strike price, the expiration date, the ability to exercise the option, and any other characteristic of said option;

- b. specifying a methodology that uses an option pricing model that will be used to value said option; and
 - c. incorporating said option and said methodology in said contract.
35. (new) The method of claim 34 where said underlying asset is a type of physical property.
36. (new) The method of claim 34 where said underlying asset is a type of debt obligation.
37. (new) The method of claim 34 where said underlying asset is a type of equity security.
38. (new) The method of claim 34 where said underlying asset is a type of derivative contract or index.
39. (new) A method for constructing a contract that will be listed on an exchange, comprising the steps:
- a. specifying an option by describing the underlying asset, the strike price, the expiration date, the ability to exercise the option, and any other characteristic of said option;
 - b. specifying a methodology that uses an option pricing model that will be used to value said option; and
 - c. incorporating said option and said methodology in said contract.
40. (new) The method of claim 39 where said underlying asset is a type of physical property.

41. (new) The method of claim 39 where said underlying asset is a type of debt obligation.

Thanks for your help.

Sincerely,
